

Dear All,

Informatics is hosting a '*Beyond the Bleep*' discovery day on Thursday 19<sup>th</sup> December in the Nowgen Centre. All staff are welcome to drop in throughout the day to see stands from suppliers, anytime between 9am and 4.30pm.

Throughout the course of the day suppliers will be demonstrating mobile communication solutions to allow staff to be contacted over the Trust's wireless network. These devices are expected to **replace the pager/bleeper** so we would appreciate the attendance and feedback of all staff especially all users of pagers.

In the adjoining room each supplier will give a 25 min presentation at their scheduled time:

9am	Vodafone
10am	CNS
11am	Virgin
1pm	BT (incl Nervecentre)
2pm	Vocera
3pm	Ascom
4pm	Multitone

Attached are flyers for distributing amongst each division. You may also wish to pin them to staff noticeboards.

If you require any further information on the discovery day please contact
